DETAILED ACTION

Allowable Subject Matter

1. Claims 1-15 are allowed.
2. The following is an examiner's statement of reasons for allowance:
 - a. With respect to claim 1, the claim has been found allowable over the prior art of record because the prior art of record fails to teach or fairly suggest a method for designing symmetric-sweep spectra-spatial RF pulses comprising the step of computing a symmetric sweep beta-polynomial RF pulse from the non-linear phase beta-polynomial in combination with the remaining limitations of the claim.
 - b. With respect to claims 2-15, the claims have been allowed due to their dependency on claim 1 above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
